## TEAM EXPANSION

At the back end of 2021, we welcomed Louise to our management team, and, along with Gemma they have both worked hard to create and finesse the best patient experience for you. We recently welcomed Parisa, a dedicated treatment co-ordinator who will also be there to guide and assist you as a valued patient of ours. This year also saw the addition of 2 immensely talented cosmetic & restorative dentists, Dr Yasmin Patel & Dr Virang Kumar to the team. Nicole and Laurie, the backbone of our nursing team have been invaluable in enabling us to provide the highest level of clinical care.

## RECOGNITION

Dr Shah - Best Young Dentist & Practice Principal.  
Gemma - Best Practice Manager

The highlight of the year was undoubtedly receiving nominations for a total of 10 National Industry Awards, including "Practice of The Year" and "Best Young Dentist". This was a testament to the hard work of our whole team over the past 2 years, and an indication of the level of growth we have achieved in such a short space of time. We spent a fabulous evening in November celebrating our successes with the best in the industry.

## OPEN DAYS

### SAVE THE DATE

We will be hosting an exclusive Open Day for Dental Implants in February 2023 with our lead Implantologist & Oral Surgeon, Dr Moreira. Ask reception to register your interest now.

We held a number of open days throughout the year to allow patients to come into The Studio for FREE to find out about certain treatments that we have to offer and how it could benefit them. The open days held by our Face & Skin lead, Dr Anjali Desai were very popular where patients got to learn more about how medical-grade skincare and non-surgical injectable treatment could help their face and skin.
